

Ham Radio Upgrade Classes Now Forming!

The Central Michigan Amateur Radio Club will be holding a 9-week course where you can learn everything you need to upgrade to the General Class FCC **Amateur Radio License**. This course will be based on the ARRL's General Class License Manual.

The General Class license opens up every band available to Amateur Radio Operators. Expand your privileges and knowledge!

... and you STILL do not need to learn Morse code!

**Classes begin on
September 29, at 1000 am
at Mason EMS Training Facility,
807 Kerns Road, Mason**

Registration is not required but is appreciated.

To join, contact:
Don McLain, KB8RAD
