

2020 Board Member Nominees

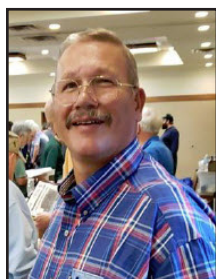

ABSENTEE VOTING INFORMATION

For those voting members who are unable to attend the Friday night meeting, you may vote by sending an email to cmarcvoting@gmail.com.

You have until 11:59 pm on Thursday, December 12.

Please **DO NOT** vote by email and in person at the meeting.

Daniel A. Dembinski / KD8YDE

I have been with the club since 2014. I have been wanting to be an active member of the club and working on HamFest 2019 gave me that. Now I would love to step up and do more. I also enjoy cooking during World Wide Field Day. I have been a Tech for a while now and am working on my General. I love the building of antennas, soldering projects, as well as collecting radios and related books that deal with all.

I feel as a Club CMARC has made a move in the right direction having classes on things that attract new members that help us grow. Let's put Hams first, both new, and those that have a wealth of

experience. The Club is doing so by leaps and bounds. I would love to help us become a Club that is more open minded, and open to new Ideas. I am very much motivated in trying new things and working on getting new members. I do have a College Degree in Business and Design, and have served our great Country, and would love to do more by serving our community. I promise you I will listen to all that is said by members and put them first. I feel I am a great Ham for the job.

As a CLUB I am Proud to be a member of, let's look at the next year as a Time of growth and Education of our Own and New-comers. It's time to grow.

Gregg Mulder / WB8LZG

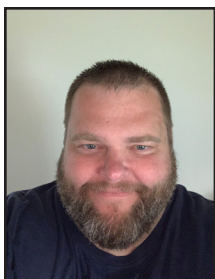

I have been a ham since 1972 and have been a member of CMARC ever since. I've made radio a priority in my life for many years now and have been active in many ham activities such as Field Day, SSTV Nets, and Club

contesting. I've had the pleasure to teach electronics at LCC and Antennas at Michigan State University for many years. I've been happily married to my XYL, Vicki, for 40 years, and we are both retired now. We have been blessed with 2 harmonics. My favorite radio interest is CW, and I try to operate daily. I also enjoy QRP operating and low power contesting.

2020 Board Member Nominees

Clyde Tompkins / K8CPT

Clyde is on a mission to help fellow hams of the community. Since being licensed in 2015 he has excelled at helping hams get on the air. His knowledge of computers and electronics

allows him to better understand the digital side of amateur radio. Clyde served on the Board of the Central Michigan Amateur Radio Club, first as a Director and then as President, where he continued helping hams in a positive and inspiring way.

Dave Vick / W8ZZX

Dave earned his Tech ticket in March of 2018, immediately progressed to General Class in May of 2018, and advanced to Extra Class in July of 2018, at the CMARC HamFest in Holt. Dave recently earned his VE certification from the ARRL and helps staff the monthly CMARC VE testing sessions.

HF antenna and a homebrew Open-Stub J-Pole for VHF and UHF, and he plans on raising a Hy-Gain AV-680 trapped vertical for HF, and he sports a Yaesu FT-60R dual-band VHF/UHF H/T in his car.

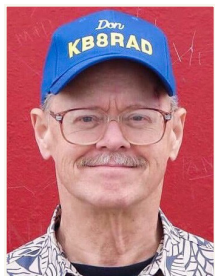

Dave also enjoys designing and engineering all sorts of homebrew antennas for HF and VHF frequencies, and in 2018 he served the CMARC group on the Beam Antenna Replacement Committee.

He enjoys rag-chewing and contesting on HF, primarily 40m and 80m, and can also be occasionally found in the evening VHF nets on 145.39 and 146.70. He runs a Yaesu FT-897 transceiver and MD-100 mic, and an Icom IC-7300 transceiver with a CAD GLX2200 mic on an Alinco DM-330MV power supply, driving a 134' End-Fed Half-Wave long wire

In addition to amateur radio, Dave enjoys riding his old British Royal Enfield motorcycle, shooting competitive skeet and sporting clays all over Michigan, and flying radio-controlled scale-model aircraft and drones.

NOMINEE FOR 2020 CMARC "UNDER 22" DIRECTOR

Don McLain / KB8RAD

Don has enjoyed being a Ham for the last 26 years and an Amateur Extra Class operator for the last 21. He has been a CMARC and an ARRL member since he was first licensed in 1993. Over the years, he has served on the Board of Directors of CMARC for a combined total

of 15 years. He has been involved in many CMARC activities, including holding the following positions: Vice President, the "Under 22" Director, Club Contact, Youth Liaison, New Ham Contact, Chairman

of the CMARC Speaker/Entertainment Committee and the CMARC Facebook Group Admin. Don was also awarded the 2011 Ziegenbein Award. In addition to these activities, Don serves on the Board of Directors of the Lansing Civil Defense Repeater Association (LCDRA) and is an active ARRL Volunteer Examiner (also serving as the Contact for the Ingham County VE Group), as well as the Founder and Host of "RAD's Coffee Break". He really loves Ham Radio and his CMARC Family and feels that it will truly be a great honor to serve you on the Board, once again.
