NEW TESTING OPPORTUNITIES ANNOUNCED IN LANSING!

Starting on Tuesday, September 2nd, from 7pm till 9pm at the Lansing Police Department South Precinct (DOWNSTAIRS), 3400 S. Cedar St. in Lansing there will be testing for Technician Class Only (At this time) because of a new VE team.

This new VE team in Lansing is headed by Jim Lakin (W8JRL). For those who cannot come to a VE session, due to physical limitations, Jim is offering his services in the home of the candidate. "We will accommodate those who are handicapped, or those who just can't come because of other physical problems by taking the test to them", Lakin said. Let's all welcome Jim to the VE team in Lansing and spread the word to those who can benefit from this opportunity!

Other dates for testing are October 7th, November 4th & December 2nd (All Tuesday Nights at 7pm).

VE TEAM LIASON: JAMES LAKIN (W8JRL) (517) 455-9220

VE TEAM CONTACT PERSON: DON McCLAIN (KB8RAD) (517) 694-0812

The CMARC and MSUARC will again be holding New Technition License radio classes, Starting : Thursday evening Sept.4, 2008 , at 7 pm - 8:30pm in room 1145 of the Elec. Eng. Bldg. at Michigan State University. Classes will run every Thursday evening through Oct.9,2008. (6 weeks)

Books for the course are available at Radio Shack and Fulton Radio in Lansing.

For more information please contact:

Gregg Mulder WB8LZG

ph# 517 646-6257 after 5 please.

Pg 9: CMARC Meeting Minutes

Pg 10: Board Members/Treasurer

WHAT'S MY SIGN?

By Julie McLain, KB8ZXR

I was born September 30, 1963. I grew up in the country, about seven miles from the nearest towns. I graduated from Pewamo-Westphalia High School and went on to spend a year at LCC for electronics before taking the summer off. I've been working ever since. I am the oldest of three boys and my parents called us the Three Musketeers quite a bit when we were younger.

I have been interested in Amateur Radio most of my life and I am the only sibling that is licensed in my immediate family. Dad is a General Class Ham and I think he was licensed around 1962. Dad used to be Net Control for the Michigan Night Owl Net on Sunday Nights – I believe on 6m AM. Together, we've helped out with a lot of antennas over the years.

One day, I finally decided that "If I don't get my license now, I don't know when I'll ever get around to taking the test!" I fell asleep on the couch studying the manuals and practicing Morse Code many times in my effort to prepare for the exams. Then finally, in March 2001, I passed my first test. I kept studying and was finally able to pass the Extra Class exam. My only regret in Amateur Radio is that I didn't get my license years ago! I had no idea how much Ham Radio would mean to me until I was licensed for a while.

I monitor the 2m band most of the time, and sometimes listen to SSB on HF. I have also done some SSTV and PSK-31. Every once in a while I talk to someone on HF using CW. Even if the Code were not required when I got licensed, I would still want to learn it! Dad had many CW QSO's over the years. Back then, Mom and Dad would copy together to get all of what was sent.

I have a few radios for both 2m and HF: a Yaesu FT-101, Icom IC-207, Icom IC-706MIIG, Heathkit HW-101, Heathkit MT-1 and MR-1, Heathkit HX-20 and HR-20, Heathkit DX-40, Heathkit DX-60, Hammerlund HQ-145 and HQ-100a, and wire antennas for HF and homebrew for 2m.

I enjoy Field Day, Walk-a-thons, and listen to SKYWARN, but usually I am at work so I can't check into the WX Nets. I like to go camping, attending old tractor shows and visiting steam locomotives (both operational and in museums). I am a member of CMARC and LCDRA and enjoy very much going to RAD's Coffee Break and the 539 Breakfast.

As for my personal life, I do Heating/Air Conditioning for a living. My Sweetie (who was licensed before I was) has been my wife now for two years this August. Two "Amateur Radio couples" got us together by playing cards. A couple of years after that, my "now" brother and sister-in-law were in town on there way back home and stayed a few nights. The day after they arrived, we were married!

There, now that we're a little better acquainted, "What's My Sign?"

*My Callsign is KC8QZB and my name is John Hosford,
husband of Jane Hosford KC8FSK.*

It was something special to see Ingham Co. EC Tom Shaver(KC8NJK) and the Ingham/Lansing ARPSC Group get some well-deserved attention tonight at the Lansing City Council Meeting. Tom was presented with The Hometown Hero Award, as the group looked on with big smiles in the early portion of the meeting. Four other groups also received recognition for their efforts in the aftermath of the June 8, 2008 tornado and straightline wind event that severely impacted the Greater Lansing Area.

FIELD DAY RECAP

20 Operators & loggers participated.
Bonus points claimed: 1170
CW QSO's: 344
HF Phone QSO's: 367
VHF Phone QSO's: 19
GOTA QSO's Reported: 1

Thanks es 73!
Ron Harger-WD8BCS
CMARC Treasurer
Field Day Director

Well, Field Day is now but a memory, but I wanted to take a moment to thank each and every one of you (and you know who you are!) who helped make Field Day a success. There was a core of folks who not only worked the Phone, GOTA and CW stations through the night, they also stuck around at the conclusion of the contest to 'strike camp' and package up the tents, equipment and canopies. In addition, there were a few others who organized, prepared and served meals (and then cleaned up...some of them not even members, OR Hams!). I dare not begin naming names, ONLY because I might forget someone...but I cannot thank you all enough! Your dedication is exemplary and we are a better organization for your leadership.

73, es THANK YOU again, Erv

Our total claimed score this year was 2148 points, up from last years score of 1708.

Art McMillan (WB8KWQ), a man known to many of the older members and some of us newer, younger folks, became a Silent Key on Monday, July 14th. According to his Wife, Gerri, Art had contracted pneumonia and a nasty infection in the weeks prior to Field Day. Just days before the event, Art was admitted to Sparrow Hospital where he later died.

Art had recently become active on the local 145.39 repeater, after grandfathering his upgrade to General during a recent VE Session in Lansing. Art heard of the possibility of getting his upgrade, contacted Don (KB8RAD) and came in to do the paperwork. In the months that followed, Art became a regular fixture on the 5.39, as well as at RAD's Coffee Break and an occasional CMARC meeting for good measure.

His often sharp sense of humor made him a quick pal to those in Lansing and we will miss him greatly.

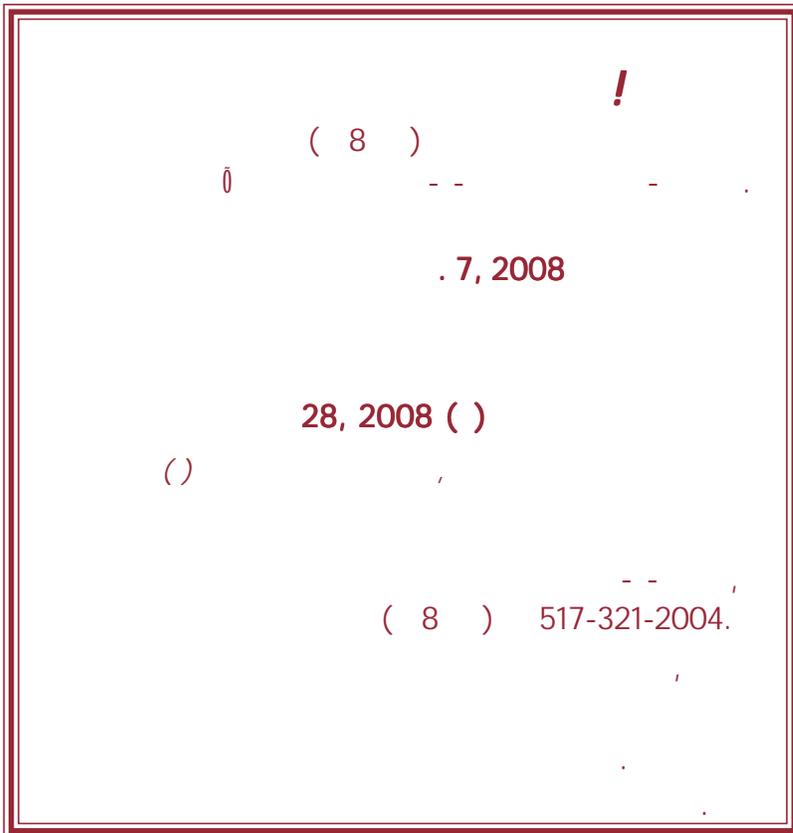

We are pleased to announce the arrival of Chase Douglas Southwell.

Chase came into the world on Friday, August 1st at 10:33pm measured 20 1/2" long and weighed 8lb., 4oz. He is the son of Jason (K8JDS) and Marisa Southwell. This is the first photo we've seen of the little guy, but he certainly looks like he's ready to start building Daddy's new Ham Shack...as long as there's plenty of formula to go around. At last word, both Mom and baby were doing just fine.

Congratulations,
Jason and Marisa!

CMARC Dues Are Due

It's that time of year again and dues for 2008 at CMARC are due. If you cannot make it to a CMARC meeting, you can either send in the membership application in the SCOPE, or download it here, print it out and send it in.

Those not renewing by February 1st will be dropped from the Club rolls, so please show your support for CMARC and join today. Thanks!

Everybody loves a chance to meet with friends and fellowship, right? Well, RAD's Coffee Break is the place to do just that and everyone is invited to come out for the fun.

RAD's Host, Don McLain (KB8RAD) started the weekly gathering as a way for the local Hams to get together, in an atmosphere which was not Club-related, so everyone would feel like they are welcome. It also gives attendees a chance to get to know their fellow Hams on a more personal level, sharing stories, laughter and good food, too! Also if you do have any Ham related questions there is always a wealth of knowledge there in the friendly people that attend and they will bend over backwards to get you answers!

As Don always says, "If you're a Ham, related to a Ham, want to be a Ham, or just like to eat Ham, everyone is welcome at RAD's Coffee Break." How do you get there? Glad you asked...

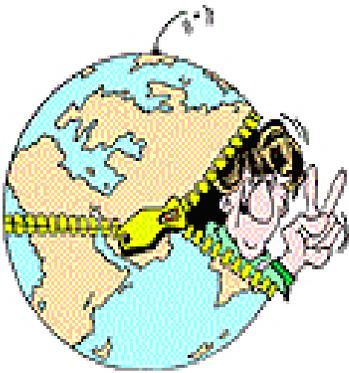

RAD's Coffee Break starts each **Saturday** evening at **7:30pm** and is held at **Denny's Restaurant, 7330 W. Saginaw Hwy., in Lansing**. You will find Denny's just west of the Lansing Mall and just east of Interstate 96.

Come as early as you want, stay as late as you want....good food, good fun, good friends. RAD's Coffee Break: If you're not here, the only thing we're missing is you!

ARRL Membership Renewals/New Signups Help CMARC

Here is a painless way to help the Central Michigan Amateur Radio Club and help yourself at the same time. The ARRL is offering a portion of the fees we pay to be paid BACK to CMARC, if we sign up through the Club! New sign ups mean \$15 stays here, in Lansing and renewals mean \$2 stays here. We will have applications at the CMARC meetings for interested persons, so please see Erv, or Ron for a copy.

And one more side benefit of having members sign up with CMARC is that it will help us regain our status as a Special Service Club! So let's all get together and get an ARRL membership today!

NOTE: PLEASE CALL THE CONTACT PERSON LISTED ABOVE TO VERIFY TESTING SESSION & ASK ABOUT WHAT YOU ARE REQUIRED TO BRING TO SESSION (ID, PROOF OF AMATEUR RADIO LICENSE, ETC.).

CMARC BOARD MEETING • July 11, 2008

President Erv W8ERV called the meeting to order with the following Board members in attendance: DeAnna KD8BDI, Gregg WB8LZG and Corey KD8BOQ. Excused were: Bob K8RDN, Ron WD8BCS and Julie KB8ZXR, who was not able to attend as she had her knee replaced the day before and was still in the hospital. Jeanie Serviss KD8IKO was taking the meeting minutes in her place. There will be no program tonight at the regular meeting – Don Devendorf W8EGI was not able to put his program together, so we'll discuss Field Day (what went wrong and what worked).

Ron Harger WD8BCS has agreed to act as co-chair along with John Hosford KC8QZB for next year's Field Day. They will be working to develop teams for 4 areas with about 7-10 people in each: (1) Set-up (2) Tear-down (3) Meal prep and (4) Clean-up. There is a need for more workers so it's not just a handful doing it all. That seems to be the biggest problem – getting people to commit.

Erv commended everyone for all the food that was prepared and brought in for the meals. He also said that L & L had donated 200 pounds of ice for Field Day, which provided us with more than enough to keep everything cold. He said we should send a "Thank You" note to them. He also said a suggestion had been made that we have the CMARC Club picnic at FD next year, which may act to bring more people out to experience FD. We could also try to have the balloon launch then to help draw attention.

Scott W8ATT had offered his 20' x 20' canopy for FD this year, but we didn't use it. However, it would have come in handy as a place to sit out of the sun, and so we'll keep it in mind for next year.

A question arose in regards to what kind of advertisement we had for FD. Erv said that Bill Cote WD8NYW did a great job, but the TV stations just don't take us seriously and the Lansing State Journal is even worse. After a lengthy discussion and many suggestions, it was decided that we really needed to get the attention of Sheri Jones and Rob Dale N8GSK of WLNS-TV 6 to help us promote FD.

We need to start looking for an alternative location for our FD site as acquiring our present spot is becoming more difficult each year. We'll perhaps look at a few other locations including Burchfield Park, Valhalla Park or the Holt Jr. High School grounds.

Corey announced the Youth car wash would be cancelled for tomorrow because of weather. Another date would be scheduled soon.

DeAnna made a motion to adjourn, seconded by Corey. The Board meeting adjourned at 7:29 p.m.

CMARC MEETING MINUTES • July 11, 2008

President Erv W8ERV called the meeting to order at 7:37 p.m. There was a moment of silence to recognize our Silent Keys.

ATTENDANCE: There were 26 members and 6 visitors in attendance. Our guests were Ruth Hinkle, Mary Lou Tillitson, Lowell Nash K8LPD, Steve N8SR, Tristan Bates and Andrew Temme KE7ESD (a student at MSU).

NEW LICENSES, UPGRADES and VANITY CALLS: There were no new Licenses or Upgrades.

CARDS AND FLOWERS REPORT: There was no report, as Marie KC8NOI was absent. Erv, however, told the membership that Art McMillan WB8KWQ was still in the hospital with pneumonia. Jeanie KD8IKO reported that Julie McLain KB8ZXR was doing well after surgery to replace her knee but was still in the hospital recovering.

INTERESTING DX CONTACTS: Scott W8ATT contacted NU5DE (Naturist Amateur Radio Club of Austin, Texas – a nudist colony!) on 10m, and Gregg worked CY0X on Sable Island on 6m with only 2 watts.

ANNOUNCEMENTS: Dale Williams WA8EFK (the ARRL Great Lakes Division Section Manager for Michigan) will be our guest speaker at the September meeting and John Imeson N8JI (Director of Public Safety at LCC) will be our speaker for the October meeting.

OLD BUSINESS: It was reported that the Scope was still in the process of being printed. A motion was made by Bernie N8PVZ to accept the Secretary's Report as printed in the SCOPE, seconded by Don DeFeyter KC8CY and approved. A motion to accept the Treasurer's report was made by DeAnna KD8BDI, seconded by Gretchen KC8ODL and approved.

NEW BUSINESS: Voice beat out CW at FD this year.

CMARC MEETING MINUTES • July 11, 2008 cont'd...

BREAK: As usual, we had some delicious treats due to those who had so graciously volunteered to bring things for our refreshments. A big "THANK YOU" to all those who are always so willing help, not only by making the goodies, but also by working in the kitchen. Your service is greatly appreciated!!

50/50 DRAWING: Elizabeth Stein won the drawing.

UNDER 22 DIRECTOR'S REPORT: The July 12th Youth Car Wash has been cancelled due to weather. We are still planning for the one on Saturday, August 9th and will perhaps schedule another one sometime in August. There was not much to report on until the next meeting, but Corey would like to see every one there.

MAIN PROGRAM AND/OR SPEAKER: Having just completed Field Day, we discussed how things went and what we could do to make things better next year. Erv W8ERV thanked all those who worked so hard to make FD 2008 such a great success. There was a round of applause for John Hosford KC8QZB and for all the hard work he did as this year's FD Chairman. Ron Harger WD8BCS has agreed to act as co-chair along with John Hosford KC8QZB for next year's Field Day. They will be working to develop teams for 4 areas with about 7-10 people in each: (1) Set-up (2) Tear-down (3) Meal prep and (4) Clean-up. There is a need for more workers so it's not just a handful doing it all. A very small hand full was there for clean up Saturday and tear down Sunday. That seems to be the biggest problem – getting people to commit.

Don Cote KD8BD had commented that this was the best Field Day he had seen in years! We made good contacts this time, with the best score in 3 years. The best score on QRP was 344 contacts – up 100 from last year. The Phone station beat its own score from last year and the CW station's score as well. The down side of this station was that they needed more than 1 antenna. We should have more than 1 antenna for each station for replacement purposes, if necessary. Bob Berger K8RDN suspended his antennas in the air with a kite and you could see it for a long distance away. The Amateur TV demo was good. We need to get more youth participation by way of such demos. It was suggested that we have a small series of demos all day long to draw people in and we need to advertise them.

It was mentioned that we should encourage people to visit all of the stations at FD while they are there. All agreed that the food was great this year, as usual. Roger AB8RX said the cords to the Dutch Ovens and Coffee Pots got accidentally unplugged somehow. He said we need to be careful not to do that, and also that we could use a better kitchen. Someone suggested that perhaps we could have the Club's Annual Picnic at FD, and if it rains on Saturday we could have it on Sunday. What a great opportunity to bring out more people! We will take Scott W8ATT up on his offer to lend us his 20' X 20' canopy next year for extra seating capacity.

Erv will recognize many volunteers at the September meeting who worked to make FD a success this year - among them, Linda K8LCC and Wayne W8QG Conklin, along with Kurt KC8QYV. He commended Corey KD8BOQ, who did whatever was needed to be done and was there for hours. It was suggested that we need a small wagon to put a generator on, and also that we need more lights so people can know that someone is still there at the site after dark. Carl K8YHH couldn't tell at night that Erv W8ERV and Bob K8RDN were even there. We also need better signs for improved daytime visibility.

We may not be at Gardner next year because we need a better location. After all, we are a community service organization and we shouldn't have to pay. Besides, we always leave the place cleaner than when we got there. Erv commended Bill KD8HHN for walking the fence line and picking up trash – some of which wasn't even ours! Also, we need a location where the public is. We need to let the public know who we are, how we help the community and what we stand for, because they are clueless. Somehow, we need to get the public's attention. Erv explained Bill Cote WD8NYW's efforts at advertising the annual event. It was suggested that we need Sheri Jones from the WLNS TV-6 Newsroom and Meteorologist Rob Dale N8GSK reporting live from FD. Rob said he would have loved to come out, but that the News Director's priorities do not lean in our direction. Bill KD8HHN told of how the Owosso Argus Press covered FD there with pre-FD articles to draw attention to the event. Perhaps we could contact the local newspapers or even do something through ARRL to alert the public for next year. After all, the Governor proclaims the week of FD as Amateur Radio Week.

CLOSING: A motion to adjourn was made by Bernie N8PVZ, seconded by Scott W8ATT, and approved.
